

Saeed Amir

Assistant Professor

College: Faculty of Mechanical Engineering

Department: Mechanical Engineering - Solid Design

Researching fields

- Stability, vibration and Buckling of structures
- Analysis of Plates, beams and shells
- Analysis of Micro & Nano Structures
- Functionally Graded Materials
- Numerical Methods
- Plasticity and Creep
- Smart Materials
- Viscoelasticity
- Elasticity

Education

Degree	Graduated in	Major	University
Ph.D	2014	Mechanical Engineering, Applied mechanic	University of Kashan

Membership in Scientific Societies

.
